POST CARD

Dear Charlie, thanks so much for your letter. How is your typing & short hand coming along? I'm afraid I have lost all the typing skill I ever had (which wasn't much) as I haven't touched a typewriter since I landed here. My Spring vacation is not very far distant so I shall be seeing you soon, I hope. After a spell of spring weather the mighty wintry blast of New Hampshire have driven away all prospects of an early spring. At present a snow-storm is raging outside.
